

## **Crestmont HOA Alert**

**January 30, 2015**

**Intervention Group is alerting all residents to increased vehicle and foot traffic within Crestmont.**

**In addition to this increased activity in adjacent and surrounding communities, IGI is receiving reports of mail theft and strangers knocking on doors at all hours. IGI just received a report of a UPS package stolen minutes after delivery in Parkridge.**

**In response, IGI has increased roaming patrols and, when present, IGI officers will be following delivery trucks.**

**We ask all residents to increase awareness of strangers in the neighborhood. Should any of these incidents occur within Crestmont, please report to IGI so that we can track and appropriately implement patrol strategies.**

**Please call Intervention Group dispatch at any hour should you see unknown persons knocking on doors, and be especially alert after the mail delivery. It is IGI intent to deter this criminal pattern from entering Crestmont.**

**Intervention Group Dispatch**
